MEGAN PETERSON

Founder

As the owner of SHINE Marketing and Communications, Megan Peterson's goal is to help build a brighter world for all by providing marketing support to organizations dedicated to Environmental Stewardship, Wildlife Conservation, and Animal Welfare, while also sharing planet-friendly tips, stories, and inspiration on social media.

With 16 years of experience in marketing and TV journalism, including her time as an Emmy Award-winning reporter, Megan has a proven track record of helping organizations amplify their message through strategic marketing initiatives, and empowering marketing professionals and teams with the necessary tools to thrive, succeed, and SHINE!

She has secured national media coverage for clients, with stories appearing on The Today Show, People Magazine, Good Morning America, and The New York Post. Additionally, Megan has helped increase enrollment at nature-based preschools, promote environment-focused events, and helped organizations meet and surpass fundraising goals.

Megan's passions extend into her personal life, where she volunteers at a local animal shelter and serves as an environmental stewardship advocate on her church council. She resides in Hopkins with her husband, Mark, and their two fur children, Bear and Stanley!
